

VSSU FUNDING INFORMATION NETWORK

If you would like to receive regular mailings of funding and fundraising information from the Voluntary Sector Support Unit please complete and return the form below. There is no charge for joining the Network, but members should have funding and fundraising as a major part of their role within their organisation.

What Funding Information Network Members will receive:

- Chairity Information Bureau's regular mailings. If you wish to receive the information direct or via e-mail, both of which will be quicker than VSSU, please ask for subscription details.
- Community Fund – information from their West Midlands' fundraising advisers meetings.
- Gift Aid and tax effective fundraising information.
- Briefings on other information that VSSU receives.

Once the Network is established we can also consider holding meetings, events with funders and training sessions for members.

Name Organisation

Address
